What's Your Motto?

sierra

Your Motto is Who You Are.

Your Motto is living the authentic downtown life at Bloor and Dovercourt, where your unique individuality is valued in a community that navigates the city just outside your door. This is where it all comes together – the vibe, the easy subway access, the one-off coffee bars, the restos, the clubs, the art, the pulse, the beat of Toronto’s core with all its flavours and textures. This is Motto.

*Authentic living.
The tastes.
The textures.
Keeping it real.
That's my Motto*

Greetings

Architects:

RAW is one of Toronto’s most vibrant and respected architectural and design studios. Unconcerned with stylistic expectations, RAW focuses on both the understanding of site opportunities and client-specific objectives.

Interior Design:

For over 30 years the team at Patton Design Studio have created sophisticated and highly functional spaces for developers and private residences. The P/D/S approach is different. We begin by addressing the goal that each design is to accomplish and then work to find a solution that is best for the client. Then we concentrate on how it looks. The result isn’t just design that looks beautiful, but design that works beautifully!

A man wearing a straw hat, glasses, a black leather jacket, and blue jeans is walking on a brick-paved sidewalk. He is holding the hand of a small child who is wearing a light blue coat and dark shoes. The background shows a city street with parked cars and buildings.
